at Old Talg's Mill

CANOE & KAYAK RENTALS

Beyond Boundaries is proud to offer Wenonah Canoes and Current Designs Kayaks as the foundation for our boat rental program. The royalex Wenonah Adirondacks are a lighter option with a length of 16' and weighing only 62 pounds. The Adirondacks are a great all-around canoe with good tracking and stability. Traditional webbing seats on hardwood crossbeams give it a final touch for one comfortable paddle. We also have a limited option of three-seater canoes for an additional fee. The three-seaters are great for those who need to accommodate more bodies, but they do do weigh a fair amount more and are not as sleek and fast in the water as the Adirondacks. They are great for those not on a deadline!

For kayaking adventures, Beyond Boundaries offers the polyethylene Current Designs Kestrel 120's (12'-0" in length) in both regular and high volume, weighing a modest 48-50lbs. The cockpit is set up with a fully adjustable padded seat back, thigh braces, and adjustable foot pegs. These are the ideal kayak for an adult still getting into the motions of kayaking, yet long and narrow enough to track well and have a great speed on the river. The kestrel has a dry hatch and deck rigging to store any personal belongings that you want to bring with you on your trip. Please note that these hatches are NOT waterproof, and a dry bag is required to keep items dry.

We also carry Perception kayaks that are perfect for an adult very fresh to the sport or an adolescent paddler ready to set out on her/his own. These kayaks are a bit wider, and vary in lengths. Beyond Boundaries also carries a few other styles of kayak to suit different individuals and give anyone the opportunity to advance to a sea kayak and try one out before committing to a very important lifestyle purchase.

Our primary trip is a 2-3 hour paddle down the Baraboo River starting at Union Center and commencing at the public landing in Wonewoc, only two blocks from our building. This paddle is approximately 6 miles long and is mostly secluded. Other trip options are available, including daily or weekly rentals for Dutch Hollow Lake and Lake Redstone. Pricing for these trips can be obtained by giving us a call at 608-Go4Ride and reviewing your specific trip needs.
